Build and maintain your transportation infrastructure with confidence

Investing your new federal infrastructure grants on building a new highway, expressway, or transit line? Or using your maintenance budget for bridge rehabilitation or resurfacing projects?

Whether you manage a state DOT, rail system, or transit agency, you are responsible for improving infrastructure, driving green initiatives, and meeting the transportation needs of your region. Your transportation network is a vital infrastructure, and you need to manage your transportation capital budget carefully.

Aurigo provides a family of cloud products for cities, counties, states, and federal agencies across North America. With Aurigo Masterworks Cloud and Aurigo Essentials, you get an integrated solution to manage every aspect of your capital planning and construction management process—from calculating estimates and running the bidding process, through awarding the construction contracts and managing change orders from the field.

> "*We manage our most important infrastructure projects with Aurigo*. *Using the Aurigo Masterworks Cloud, we keep track of every schedule, budget, fund, and document during complex, multi-year projects.*"
>
> **– TIM PRATT** | IT Manager, Major Midwestern City

FEATURED CUSTOMER

The Department of Public Works in Las Vegas saves 3+ months from the capital planning process with Aurigo Masterworks Cloud

Today 206 users in Las Vegas, including external construction contractors, now use a single application to automate and manage the entire CIP process from inception to closure. The CIP book is now automatically generated out of Masterworks, saving three to four months each year during the capital planning process. In addition, everyone from project managers up through the City Council has real-time visibility into funding sources, project schedules, and budgets.

Trusted by 300+ customers across North America

Aurigo is consistently chosen over competitors during RFPs by cities, counties, states, agencies, and companies across North America. Customers appreciate the industry expertise and proven track record of results we bring to the table.
